Matthew Ashimolowo (HOST)

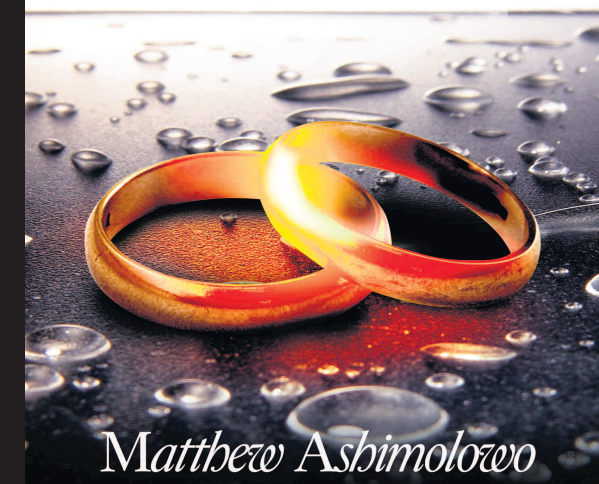

A WORD FROM OUR HOST

Welcome to the second day of the International Gathering of Champions. Yesterday we had an awesome time in the presence of the Lord. The teachings from the anointed men and women of God, I believe blessed, renewed and impacted your life. On this the second day, you have been chosen, set apart, positioned to receive that Word which the Lord has prepared. You are a champion and in this season of excellence what has been settled in heaven, shall be made manifest here on earth, for you have an excellent spirit within you. May you be empowered on this day as God uses His anointed to speak a Word in season into your life.

DOMINION MANDATE

Dr Mensa Otobil

Be Fruitful

Dr Mensa Otobil, an anointed man of God began the first day of IGOC with a message on “Dominion Mandate. When God created man, He gave us a mandate, Genesis 1:26-28. The mandate is an official order or an authorization for somebody to do something. God clearly states His intention for creating man in the above scripture which is; to create a being called man, cause man to have God-like qualities and commit the dominion of God’s creation to man.

The first command to man was, “be fruitful”, Genesis 1:28, which means to blossom, grow and reproduce. God established and implemented His intentions and imparted His spirit into man thereby enabling us to bear fruit.

What Fruits are we expected to bear as God’s children?

- The fruit of the womb – producing babies. Psalm 127:3
- Fruit of thought – producing ideas. Jeremiah 6:19
- Fruit of the mouth - producing words. Proverbs 18:20
- Fruit of the Hand – works. Proverbs 31:30-31
- Fruit of the Spirit. Galatians 5:22-23

In order to be fruitful, the womb must produce fruit; our thoughts must produce ideas, our words must be productive as well as the works of our hands. In all these, the fruit of the womb is the least in God’s pecking order. The bible clearly tells us that our thoughts, words, and works will judge us and not by the number of babies, we produce. When God gave us the command to be fruitful He used the word ‘be.’ This demands potential, a call into existence and obedience.

There is a process of being fruitful; it is in a

seed! The seed is part of a fruit and within the seed is a fruit. Every human being has fruits and within him is the seed to produce other human beings. The fruitfulness of the mind is not limited to academic knowledge. It is inspirational and intuitive, through God’s spirit in man. The Seed is ‘The Source’;

- The place from which everything begins
- A potential – undeveloped capacity
- Life giving principles
- The Power that Survives

A seed has the capacity of producing any fruit. The seed reproduces and the fruit satisfies. Before bringing forth, there must be a conception and for there to be a birth, there must be a seed. Hebrews 11:3, Genesis 1:11 Genesis 1:24. The seed with which God calls everything into being is His Word! He spoke and brought the world into existence and He expects man to operate in the same manner. God is a spirit and we are made in His likeness. The thoughts in our spirit must merge with the raw materials in the earth for us to be productive. In conclusion, Dr Otobil asked “what on this earth has your name on it?” He challenged us to be excellent and leave our name on something by next year.

The Rescue

Ed Young

The bible is an anthology of rescue. Adam and Eve sinned and God rescued them; Daniel in the lion’s den; Jonah in the belly of the fish. In the New Testament, Jesus, By His birth and death rescued humanity and later gives us the

rescue commission in Matthew 28. We, taking the example from the bible, ought to get out there to rescue people. The church is not a yacht club or a marina; it is a rescue society and not a floating device. Many people are using poor floating devices such as possession, pleasure or power. God threw us a life ring to stop us from drowning in these things. Jesus is the life ring.

We are so into our boats, stuff, that we forget the people who are sinking. Jesus is the life ring. The ring is the thing! Jesus is the life ring that brings us from the bottom to the top! We have to grasp the life ring and draw closer to Christ. There is also something tied to the ring that is the rope. The rope is the hope! The rope is anchored to the only thing God ever built, His church. We have to pull on the rope, so the house can be full. If you are not a part of the pull, the rope is not happening as God intends it. You therefore need to serve. We want to see people come to Christ but this takes hard work. 2 Timothy 4:5.

Reasons why we do not get involved in the rescue

-The Sheep excuse; we must go for the sheep that have never been involved or engaged in the church. Do not pull sheep from other churches thinking of it as growth. A true believer is someone who understands that the ring is the thing and has to be part of the pull. The church should be full of baby believers, growing believers and matured believers.

- The Safety Excuse
 - The Depth Excuse
 - The God in a Box Excuse
 - The Knowledge Excuse; All you need to do is to share your rescue story. God is not looking for knowledge, He is looking for availability and once you are available, God will take you to a completely new level.
 - The Past Excuse
 - The “No far away from God Friends” Excuse; the longer you walk with God, the fewer people you know who are far away from God. Jesus had the right balance of people in His life and He called us to be fishers of men.
- We need to use our talents and gifts to reach people, tell your rescue story in simple words, pray a high risk prayer; ask God to give your the words to say to people that are far away from him.

So remember, the ring is the thing, the rope is the hope and pull, so the the house will be full.

Pastor Paula White

Paula White stood before the altar and proclaimed “Enlarge the place of your tent...” Isaiah 54:2. There is something that God is doing through us that will be birthed. God is building the church that He has ordained with His presence, His power and His provision. The church is rejected by the world, but know that 2010 is a strategic year as 10 is the perfection in divine order, it means return to your original position.

Continuing she stated; “If we are going to gain God’s greatest blessing we must tune in to God, some things have to leave our lives for us to be ready for God’s purpose, we have been prepared for such a time as this. Reformation establishes God’s original plan. We have no limitations or restrictions except the ones we put on ourselves. Reformation comes when we make a conscious decision, not to be a victim to prognosis but choose to live beyond all limits. God will set you free from anything that will hinder you because He can’t live in confined places! It is our God ordained season and we have to be in sync with God. God’s way is not man’s way!

Prophetically addressing the masses, she continued; it is time someone stood up and took their rightful position. God is raising up an army not just a person from barrenness, you don’t want to miss an appointed time. You must discern the appointed time, you are now living out days of Glory. In order to manifest in the physical what is spiritual, you must move in faith! Faith is attached to hope and hope is got from the word of God. You don’t have to preach Jesus because your life will preach this message and this will draw men to Him. God is faithful. To rapturous applause, she continued “Every great move of God comes out of barrenness. Barrenness means impotent, ineffective, going through movement but no motion. It is a result of something like an injury, a violation against the person. It results in no movement, no progress, no promotion, no production but one God moment can change every thing in your life! You change position not by power nor by might

Excellent Registration

JN reporter: “What are you expecting from this year’s IGOC?”

Ann-marie from Essex :

“Teach me more about excellence, what God is saying, what to step up in and what excellence I need”

No Limitations

but by the spirit of God”.

In conclusion, reading from Proverbs 24:3. Paula White blessed us saying; “Through wisdom a house is built and by understanding it is established. Understanding is the ability to perceive, to have revelation through illumination. You will not settle to be like anyone else, you create change, you are a co labourer with Jesus Christ, it is your hour and you can do all things. God will bring you out of all the mess in your past. Stand up and take your position, you have the spirit that causes you to rise up, you are distinguished for destiny you are creating the future right now! Awesome!!!

Change your Spirit

Bishop Eddie Long

Blessed man of God, Bishop Eddie Long spoke the Word of God as he elevated the masses that “the reason Joshua and Caleb were able to go into the promised land was that they had an excellent spirit”

Numbers 14:24. In order to go into the

place that God wants you to go, you must have a different spirit. Joshua and Caleb took the bones of Joseph with them into the land. They took the bones of a prosperous man with them.

This is the season of quick transition and transfer. God is not reviving us so we can be raptured but so we can stand and rule here on earth. The wilderness is not our promise. When God sent the spies to Jericho, it was the season of the fresh white grapes. We are around that season!

We have allowed others to keep us in poverty and talk us out of God’s blessing. We have an assignment and we need to put money behind that assignment to achieve it. From the land of Jericho the spies brought back grapes so big that they had to be carried on poles. They were carrying back an anointing. They had pomegranates which means your fruit has seed. Most people have been trained to look at the obstacles not the opportunity. If you can see the opportunity the obstacles will not hold you back. You’ll be amazed at what you can see once you decide what not to look at.

In this season, God is opening the flood gates looking for somebody to go in, to pursue, overtake, recover all and come in with evidence. Don’t get angry when God takes you through a season of isolation and people leave your life. Revelation brings about isolation. God will isolate you because He doesn’t want anybody to contaminate His vision for you. The church talks too much and doesn’t listen enough. The problem with us is our inability to eavesdrop on God’s conversations with our spirit. In this season you can not listen to People who do not have the heart of God.

God is not talking to you, when He talks at you, God is talking to Himself about His divine destiny for your life...
